TENAS 4IN1

CARPET CLEANER WITH ENCAPSULATION SYSTEM

PROPERTIES

TENAS 4IN1 offers a unique encapsulation system that replaces five classic carpet cleaners with just one product. You need only one product for stain removal, pre-cleaning, extraction cleaning, the Bonnet cleaning and the dry cleaning system with the ANIKO 350 DUO BRUSH. You can save time, money and space. The special encapsulation system ensures that the dirt is broken, bound and encapsulated. The polymers contained prevent re-soiling and graying. TENAS 4IN1 shortens the drying time, protects the carpet fibers and leaves a pleasant fragrance.

SUITABILITY

For fiber depth cleaning of stubborn dirt on all color and water resistant textile coverings, carpets and upholstered furniture made of natural and synthetic fibers. Ideal for hotels, schools and administrative buildings.
